

Nice

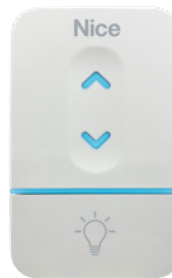

1461J

Residential Jackshaft Operator

At only 4.5" wide, the Nice 1461J is a great solution for most residential installations—including modern garages with large doors and high ceilings. Wall mount installation is fast and easy, and jackshaft operation eliminates the rail and trolley assembly, freeing up overhead space.

The 1461J boasts features that homeowners ask for: integrated LED lighting, smart app control, pre-installed battery, and quiet operation.

The Nice 1461J and included wall station.

Smart Connectivity Seamless control from anywhere with integrated Wi-Fi and the Nice G.O. app.

Precision Control Absolute encoder ensures accurate positioning without the need for mechanical limit switches.

Energy Efficient Integrated LED lighting and Eco-mode (places the system in standby when not in use), reduce power consumption.

Safe Continuously monitored obstacle detection and entrapment systems safeguard against injury during operation.

User-friendly Battery backup ensures reliable door operation, even during power outages.

Compact The sleek, space-saving design houses the control unit, monitor, and electronics for efficient installation and aesthetic appeal.

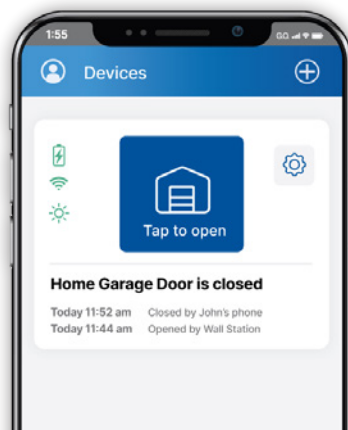

New! Nice G.O. App

Easy to use, customer friendly

Nice G.O. Mobile App Features:

- Real-time notifications and control of garage door from any mobile device
- Invite guests and allow custom access and permissions for up to 10 authorized users
- Schedule operations and timers for doors and lights

1461J

Residential Jackshaft Operator

FEATURES

- Perfectly suited to a wide range of garage door sizes, offering flexibility and ease of use for residential setups.
- The Nice G.O. app allows remote control and monitoring of the garage door from smartphones.
- Simplified setup procedure and streamlined connectivity between the control unit and accessories.
- Rigorous testing and stringent quality control processes guarantee long term dependability and consistent performance.
- Exceptional power and reliability for demanding applications.
- E-Lock automatically secures the door when closed, preventing unauthorized access, while the integrated LED light illuminates the threshold for added safety and visibility.

Nice 1461J includes:

- Wi-Fi Multifunction Wall Station
- 3-Button MegaCode Visor Remote
- E-lock

Optional accessories

- Key Ring Transmitter
- Visor Transmitters
- Wireless keypads
