OPTIONS (SEE REVERSE)

- The Series «100» line has been designed for new installations yet is also compatible and can retrofit with any older generation Series «100» Manaras-Opera rolling code radio controls.

- **Featuring Innovative Rolling Code Technology**
- **Improved Product Quality, Reliability and Durability**
- **Superior Signal Range**
- **Small Ergonomic Design**
- **Simplified Pairing and Programming**

The new RADIOEM 102 features the latest rolling code technology, improved reliability and superior range.

Users have the versatility of controlling 1 to 3 doors with single-button open / close or 1 door open / close / stop functionality providing easy access to any commercial or industrial building.

RADIOEM 102 conveniently retrofits and is compatible with any older generation Manaras-Opera rolling code (Series «100») transmitter or receiver.
